Dear Emy Anastassopoulos

I am writing this note on behalf of my husband and I to thank you personally and Savika for going the extra mile in helping us after our two recent robberies, showing what is meant by a strong community spirit.

Thank you for arranging the very welcome night-time presence of Savika guards on our property and the guards throughout the days that followed our second burglary in as many weeks. I cannot put into words how much this gesture was appreciated, truly far and above expectations. We found all the guards dedicated, polite and showing a willingness to be of help.

I also wish to commend Linda Gildenhuis for her professionalism, empathy and care. Sunninghill Community is lucky to have someone of her calibre taking on such a daunting task in these times.

So to all who came to our aid through this traumatic experience we sincerely thank you.

With kind regards,

Martin and Anne Beverley
